Rights of Parents and Students

The parent of any student or the student who attends P.K. Yonge has the following rights with respect to any educational records created, maintained, and used by the school. The school presumes that either parent has authority to exercise the rights of a parent under this policy unless the school has been provided with evidence that there is a legally binding reason or court order governing such matters as divorce, separation, or custody, which provides to the contrary.

When a student reaches eighteen (18) years of age, the permission and consent required of and rights accorded to the parents of the student concerning student records maintained by the school, will then be required of and accorded to the eligible student only, unless the eligible student is a dependent of his/her parents as defined in Title 26 U.S.C. Section 152 of the Internal Revenue Code of 1954. P.K. Yonge may, in that instance, disclose personally identifiable information (PII) from the education records to the parents without the prior consent of the eligible student.

Whenever a student has enrolled in a post-secondary institution, regardless of age, the permission and consent required of and rights accorded to the parents of the student as to student records maintained by the post-secondary institution shall thereafter be required of and accorded to the eligible student only. However, if the student is not eighteen (18) years of age, then the permission and consent required of and rights as to the student records maintained by the school shall be retained by the parents.

A. Right of Access

The parent or student has the right, upon request:

1. To be provided with a list of the types of records and reports, directly related to students, as maintained by the school
2. To be shown any record or report relating to the student that is maintained by the school; when the record or report includes information on more than one (1) student, the parent or student shall be entitled to receive or be informed of only that part of the record which pertains to the student who is the subject of the request
3. Upon a reasonable request, to receive an explanation or interpretation of any record
4. To receive a copy of any list, record, or report for which access is requested

custodian of the records and signed by the parent, guardian, or student. Waivers apply to recommendations or evaluation only if:

1. The parent, guardian, or eligible student is, upon request, notified of the names of all persons submitting confidential letters or statements; and
2. Such recommendations or evaluations are used solely for the purpose for which they were specifically intended

The waiver of right of access may be revoked in writing with respect to actions occurring after the revocation. The school may not require any student or parent to waive the right of access.

C. Right to Challenge and Hearing

School officials shall provide requesting parents, guardians, or eligible students an opportunity for a hearing to challenge the content of their child's or the eligible student's school records, to ensure that the records are not inaccurate, misleading, or otherwise in violation of the privacy or other rights of students, and to provide an opportunity for the correction or deletion of any such inaccurate, misleading, or otherwise inappropriate data contained therein.

1. Any such request may be resolved through informal meetings or discussions between the parent, student, and appropriate school officials. If the parties at such a meeting agree to make corrections or deletions, to expunge material or to add a statement of explanation or rebuttal to the file, such agreement shall be reduced to writing, signed, and dated by the parent or student and appropriate school official. The agreement shall only indicate that the record has been corrected or expunged.
2. If the parties cannot reach an agreement, the parent or eligible student may request a hearing. The request for hearing shall be in writing to the director and shall state with particularity why the challenged information is believed to be inaccurate, misleading, or otherwise in violation of the rights of the student. The parties shall be given reasonable advance notice of the date, time, and place of the hearing. The hearing shall be conducted within a reasonable period of time, but in no case shall be held more than thirty (30) days from the date of the written request. The hearing shall be conducted by a P.K Yonge or University of Florida College of Education administrator who has no direct interest in the outcome of the hearing. The parent or student will have a full and fair opportunity to present evidence on issues raised and may be assisted or represented by an attorney or other individual of his/her choice, at his/her own expense.
3. The decision of the hearing officer will be provided in writing to all parties within ten (10) school days after the conclusion of the hearing. The decision will be based solely

on the evidence presented at the hearing, and will include a summary of the evidence and the reasons for the decision.

4. If the decision from the hearing is that the challenged information is inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, officials take actions to implement the decision and will inform parent in writing.
5. If the decision from the hearing is that the challenged information is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, the parent or student may place a statement in the education record to comment on the information in the record and state reasons for disagreeing with the decision. Any explanation placed in the records will be a part of the record as long as the record is maintained and if the challenged portion is disclosed to any party, the explanation must be disclosed also.

D. Right of Privacy

Every student has a right of privacy with respect to the educational records maintained by the school.
