Research in Action

Targeted Feedback Cycles
Blending Coaching and Evaluation

This professional learning event highlights a targeted feedback cycle observation and evaluation system based on objective data, reflection, collaborative conversation, and focused coaching. The teacher and observer collaboratively engage in a strengths-based approach to identify a small shift in a focused area of instructional practice that will yield significant gains in student achievement. The professional learning becomes specific to the individual educator and occurs in the day-to-day interactions with students within the classroom.

October 18, 2016 8:30am - 3:30pm

WHERE:
P.K. Yonge DRS

About P.K. Yonge DRS at the University of Florida

P.K. Yonge Developmental Research School is a public school affiliated with the University of Florida. The 1150 member K-12 student body is randomly selected to reflect the demographics of the student population of the state of Florida both ethnically and socio-economically. P.K. Yonge’s mission is to design, test, and disseminate best practices in K-12 education through serving a diverse student community.
