Traffic: Drop-off and Pick-up Guidelines

The safety of all students is our guiding priority and the basis on which we have developed the guidelines below to streamline the traffic flow. We appreciate your adherence to the guidelines in order for traffic to flow as efficiently as possible.

ELEMENTARY

There are TWO (2) options and there is ONE (1) entrance by the Performing Arts Center.

1) Main Traffic Circle
   1. Cars enter by the PAC
   2. **Pull ALL THE WAY AROUND** to the crosswalk by the teacher on duty.
      Please **do not stop** farther back in the circle.
   3. We will help your child get to the correct seating areas in the morning and into your car in the afternoon.

2) Park and Walk Students into School
   1. Cars enter by the PAC
   2. Families turn left and proceed through the PAC visitor parking lot to the top unpaved parking lot.
   3. Families park in the top unpaved parking lot.
   4. Families walk their children to the blue benches or pick them up from the blue benches in person.

Please do NOT drop students off in the PAC parking lot or on the street. Parking in the PAC lot is for visitors only.

SECONDARY

Student Drivers / Families Dropping-off and Picking-up Students

1. **Enter and exit via 16th Avenue**
2. Drop students off in front of the Gym
3. Students park in the south lot in front of the Gym

This reduces the number of cars at the north end of campus.
Please do not use the Performing Arts Center entrance during drop-off and pick-up.

The safety of your children is paramount to us. We want to make sure children are not disembarking in areas where cars may be moving, backing up, etc.

Please know we are working diligently to create systems that provide safety and efficiency within a limited space and time window. Your patience is greatly appreciated.
Traffic: Drop-off and Pick-up Guidelines

- **Elementary "Park & Walk"**
  - Take child to / pick child up from blue benches
