Traffic: Drop-off and Pick-up Guidelines

The safety of all students is our guiding priority and the basis on which we have developed the guidelines below to streamline the traffic flow. We appreciate your adherence to the guidelines in order for traffic to flow as efficiently as possible.

ELEMENTARY

There is ONE (1) entrance by the Performing Arts Center, and there are TWO (2) options.

1. **Main Traffic Circle**
   1. Cars enter through the gate by the Performing Arts Center
   2. **PULL ALL THE WAY AROUND**
   3. **DO NOT STOP** farther back in the circle.
   4. Help children be prepared to **exit/enter the car quickly**
   5. Please drop children off/pick children up in designated areas
   6. Make sure children **exit/enter the car on passenger side** (closest to blue benches)
   7. **DRIVE SLOWLY**
   8. **Avoid looking at phones/texting** while driving on campus

2. **Park and Walk Students into School**
   1. Cars enter through the gate by the Performing Arts Center
   2. Turn left to enter Visitor Parking and proceed to the North Unpaved Parking Lot.
   3. **DO NOT STOP** or drop children off in the main thoroughfare of Visitor Parking.
   4. **PARK IN PARKING SPACES** to drop students off.
   5. Families walk with children to and from blue benches in person.

SECONDARY

**Student Drivers / Families Dropping-off and Picking-up Students**

1. **Enter and exit via 16th Avenue**
2. Drop students off in front of the Gym
3. Students park in the south lot in front of the Gym

This reduces the number of cars at the north end of campus.
Please **do not** use the Performing Arts Center entrance during drop-off and pick-up.

The safety of your children is paramount to us. We want to make sure children are not disembarking or walking in areas where cars may be moving, backing up, and not paying attention.

Please know we are working diligently to create systems that provide safety and efficiency within a limited space and time window. Your patience is greatly appreciated.
