

Health Screening

Developmental Research School
at the University of Florida

January 12, 2018

Blue Wave Families,

The **annual health screening** will occur on **January 25th, 2018**. The assessments are required through the State of Florida's School Health Services Program. They are meant as a screening tool to potentially identify health concerns.

The following assessments will be done:

Kindergarten: vision and hearing

1st grade: weight, height, BMI, hearing, and vision

3rd grade: weight, height, BMI, dental, and vision

6th grade: weight, height, BMI, hearing, vision, and scoliosis

The assessments will be done with the help of UF's College of Nursing, UF's College of Dentistry, and UF's Hearoes for Hearing.

Please inform us in writing if you do not want your child to participate.

Thank you,

Nurse Brittany

Brittany Lewis, RN, BSN.
