

Leaves of Absence

Developmental Research School
at the University of Florida

A leave of absence from enrollment at P.K. Yonge may be granted to a student unable to attend P.K. Yonge because of a change in residence for a predetermined period of time that will make it impossible to come to the P.K. Yonge campus each day. Leave may also be granted to provide an opportunity for students to participate in educational programming that P.K. Yonge is not able to provide.

Applications for Leave of Absence may be obtained from the Admissions Office.

Leave is **granted for one academic year only** or the remainder of an academic year and must be approved by the Director of the school. Requests for additional leave will be approved only for extenuating circumstances and granted at the discretion of the Director of the school.

Leave is granted for reasons described in the Leave of Absence Application. Should circumstances change during a Leave of Absence, families must contact the school should these changes impact the Leave of Absence.

Leave of Absence requests must be submitted to the Admissions Office accompanied by a \$50 Leave of Absence Fee.

While an approved Leave of Absence application accompanied by the \$50 fee renders the student eligible for readmission to P.K. Yonge, it does not guarantee readmission.

Readmission

Readmission is based on space availability and an updated review of current grades, test scores, academic needs, discipline and attendance reports to determine whether the student qualifies based on the school's applicable admissions criteria.

To be eligible for readmission, a Leave of Absence must have been approved by the Director, a \$50 Leave of Absence Fee must have been paid, and families must notify the Admissions coordinator of an intention to return to the school no later than **February 1** prior to the school year the student intends to reenter the school. Failure to notify the school will result in expiration of the Leave of Absence and the student will no longer be eligible for readmission.

If a student is granted readmission at the end of a leave of absence, registration, including payment of fees, will take place during the regular spring registration prior to the school year the student is to return. If fees are not paid, the student will not be eligible for readmission.

If after an initial Leave of Absence year, a student with a disability is found to require services that P.K. Yonge is not able to provide in a general education setting, families must submit a new Leave of Absence Form and pay a \$50 Leave of Absence Fee in order to be eligible for readmission.
