Just a Note:

In Science, we learned about living and non-living things. We also noticed how we have grown and changed over time by playing Guess the Baby!

What we're learning:

Kindergarten: This week we learned the song "The More We Get Together." We also learned the ASL signs for some of the words in the song. We also continued to learn some of our letters. In Writing, we focused on creating labels for things in our classroom and worked to label our own writing work. In Math, we practiced writing the numbers 9 and 10. We also learned how important it is to count and say our numbers in order.
