Statement of Understanding

In Florida, per Senate Bill 610, middle school students are required to take the equivalent of one class period per day of physical education for one semester of each year.

This requirement is waived by the following:

- A student who is enrolled or who is required to be enrolled in a remedial course
- A student participating in physical activities outside of the school day which are equal to or in excess of the mandated requirement (75 hours per semester)
- A student's parent or guardian indicates in writing that the student be allowed to take another course from among those offered by the school, based on availability.

As a parent/legal guardian of the above-named student, I understand by completing and submitting this form, I am consenting to waive my student's physical education requirement based on one or more of the items listed above.

This consent will allow P.K. Yonge counselors flexibility in planning my student's course schedule based on availability.
